No problem by me – I am wide open tomorrow afternoon but for a 3:30 meeting – we'll see what everyone else's schedules look like. As you can see by my update list, I have no specific cases to discuss – we are good with you! Only thing I had to talk about with you was WH equities review. Thus if meeting needs to be cancelled postponed, nothing burning on my end.

Thanks,

Thank you your prompt response Mr. Colangelo:

The email you received indicated my email address only because your request is assigned to the Office of the Administrator in FOIAonline. Denise Walker prepared the letter and will get back to you regarding the specifics.

Thanks in advance for your patience and for your interest in the U.S. Environmental Protection Agency.

Hi Jonathan, thanks for the email. I'm happy to clarify the request if there's any confusion about it, but I can't tell from the email below what's unclear about the request. I'm eager to discuss as soon as possible, to facilitate EPA's processing of the request. I left a voicemail for Denise this morning to find a convenient time to talk. In the meantime, please don't stop the processing clock for the FOIA request, and please don't treat the request as "voluntarily withdrawn."

Also, in response to one of your questions below, the FOIA request seeks both electronic and hard copy records. Obviously records that are on a computer or cell phone would be electronic only, but if there are responsive hard copy records, we would like to receive those too.

Thanks very much,

Aaron Colangelo

FOIA Request: EPA-HQ-2017-011126

Dear Mr. Colangeo:

Thank you for your Freedom of Information Act request. This letter concerns the above-referenced Freedom of Information Act (FOIA) request, received by the U.S. Environmental Protection Agency (EPA or Agency) on September 5, 2017, in which you requested,

"...all records, dating back to January 1, 2017, that refer to any "awareness review" in the context of processing, managing, reviewing, or responding to a FOIA request. This includes (but is not limited to) any records that describe what "awareness review" is; indicate which FOIA requests or responses have been subjected to "awareness review"; refer to the amount of time necessary to conduct an "awareness review"; outline or describe any general policies or principles related to "awareness review"; or indicate why a FOIA response may or may not be selected for "awareness review.""

Unusual Circumstances and Extension of Time

Pursuant to 40 C.F.R. § 2.104(d), an extension of time to respond to your request is necessary. Given the scope of the request, EPA anticipates that the response will require EPA to search for and collect the requested records from multiple EPA offices that are separate from the office processing the request; and may require consultation with another agency having a substantial interest in the determination of the request.

In addition, the AO has received an unprecedented number of FOIA requests and is currently addressing a backlog of requests.

Opportunity to Discuss and Modify

We would like to discuss the types of records you are interested in, and the possible locations of these records. We would like to further understand the specific subject matter of the records so that we are able to craft the correct search and provide you with the records you seek.

In addition, you stated in your request that you are specifically seeking responsive records in or on the personal computers, cell phones or other devices, or personal email accounts used by EPA staff if used for any government purpose. We would like to confirm that you are seeking electronic and not hard copy records.

Please note that requests phrased as legal discovery, e.g., for all records “including but not limited to” and “related to” or “pertaining to” a subject with no further limitation, do not provide adequate information to allow a professional employee to determine which records you wish EPA to provide.

EPA’s FOIA regulations state:

“Whenever possible, your request should include specific information about each record sought, such as the date, title or name, author, recipient, and subject matter. If known, you should include any file designations or descriptions for the records that you want. The more specific you are about the records or type of records that you want, the more likely EPA will be able to identify and locate records responsive to your request.”
40 C.F.R. § 2.102(c).

We would like to provide you the opportunity to discuss the request with us and clarify and/or narrow the request so that EPA can process your request. As indicated in 40 C.F.R. § 2.102(c), please include or be prepared to discuss any specific information about the records you seek, including time period, authors, or a more detailed description of the records’ subject matter.

Processing Fees

On 09/05/2017 the EPA’s National Freedom of Information Office granted the fee waiver request that accompanied the FOIA request. Therefore, you will not be assessed fees.

Next Steps

The processing clock is stopped for your FOIA request until we receive your clarification.

Please respond within ten calendar days from the date of this letter to arrange a time to discuss your request.

You may call or email Denise Walker at 202-564-6520 walker.denise@epa.gov to arrange a time or to discuss any questions you have. If we do not receive a response from you by October 20, 2017, we will consider your request to be voluntarily withdrawn. After we discuss the request with you, we will continue processing your FOIA request and provide you with an estimated timeframe for completion. If you wish to request information connected to this request in the future, please reference the FOIA request number.

Additionally, you may seek assistance from EPA's FOIA Public Liaison at hq.foia@epa.gov or (202) 566-1667, or from the Office of Government Information Services (OGIS). You may contact OGIS in any of the following ways: by mail, Office of Government Information Services, National Archives and Records Administration, Room 2510, 8610 Adelphi Road, College Park, MD 20740-6001; email, ogis@nara.gov; telephone, (301) 837-1996 or (877) 684-6448; or fax, (301) 837-0348.
